

A. JAMES CLARK
SCHOOL OF ENGINEERING

High School Visit Request Form

Would you like your students to learn more about engineering at Maryland?

Current undergraduate engineering students will meet with your classes, student groups or math/science-related clubs to help them learn more about exciting projects and programs in engineering. Our Clark School Ambassadors will also share their personal college experiences!

This visit can help your students piece together the puzzles of engineering and see how it is applied to solve real-world challenges

A typical high school visit can last 2-3 hours and might include:

- Presentation about the Clark School and majors offered
- Kim Engineering Building tour (could include presentations at various labs)
- Hands-on activity

Visit Information:

Requested date(s) of visit: _____

Time of Visit: _____

Location of Visit (please check one): On the University of Maryland campus
 At your school

Name of School: _____

Class Subject: _____

Number of Students: _____
